Placeholder text explaining our comprehensive range of inclusive services, workshops, activity packs, community events, and accessibility support offerings.

Welcome to Bubble World

Placeholder text about our Bubble World concept and universe.

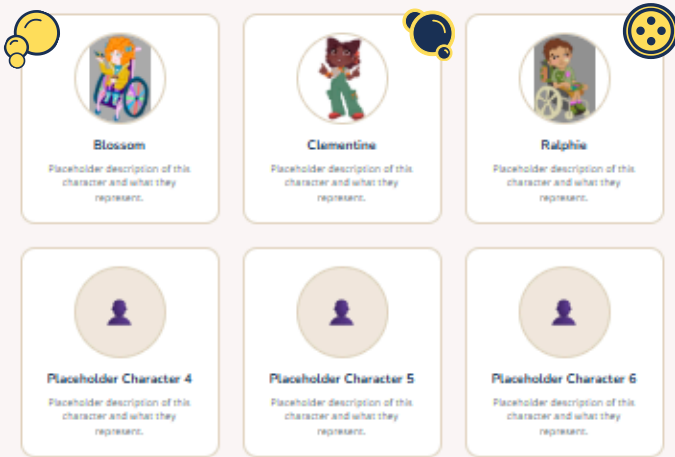

Bubble World is our "automatically accessible" universe where barriers simply don't exist. It's the imaginative heart of everything we do. Home to our bespoke characters. Designed so everyone belongs by default, not as an afterthought. Best of all, it's not just our world, it's yours. You can create your own characters and build your own stories, shaping it in your own way.

You'll see it brought to life through our workshops, activity packs and events. Creating a space where the focus is on the fun, not the logistics.

Meet the Characters

The heart of Bubble World — each character is unique, just like every bubble.
